Chrome Extension

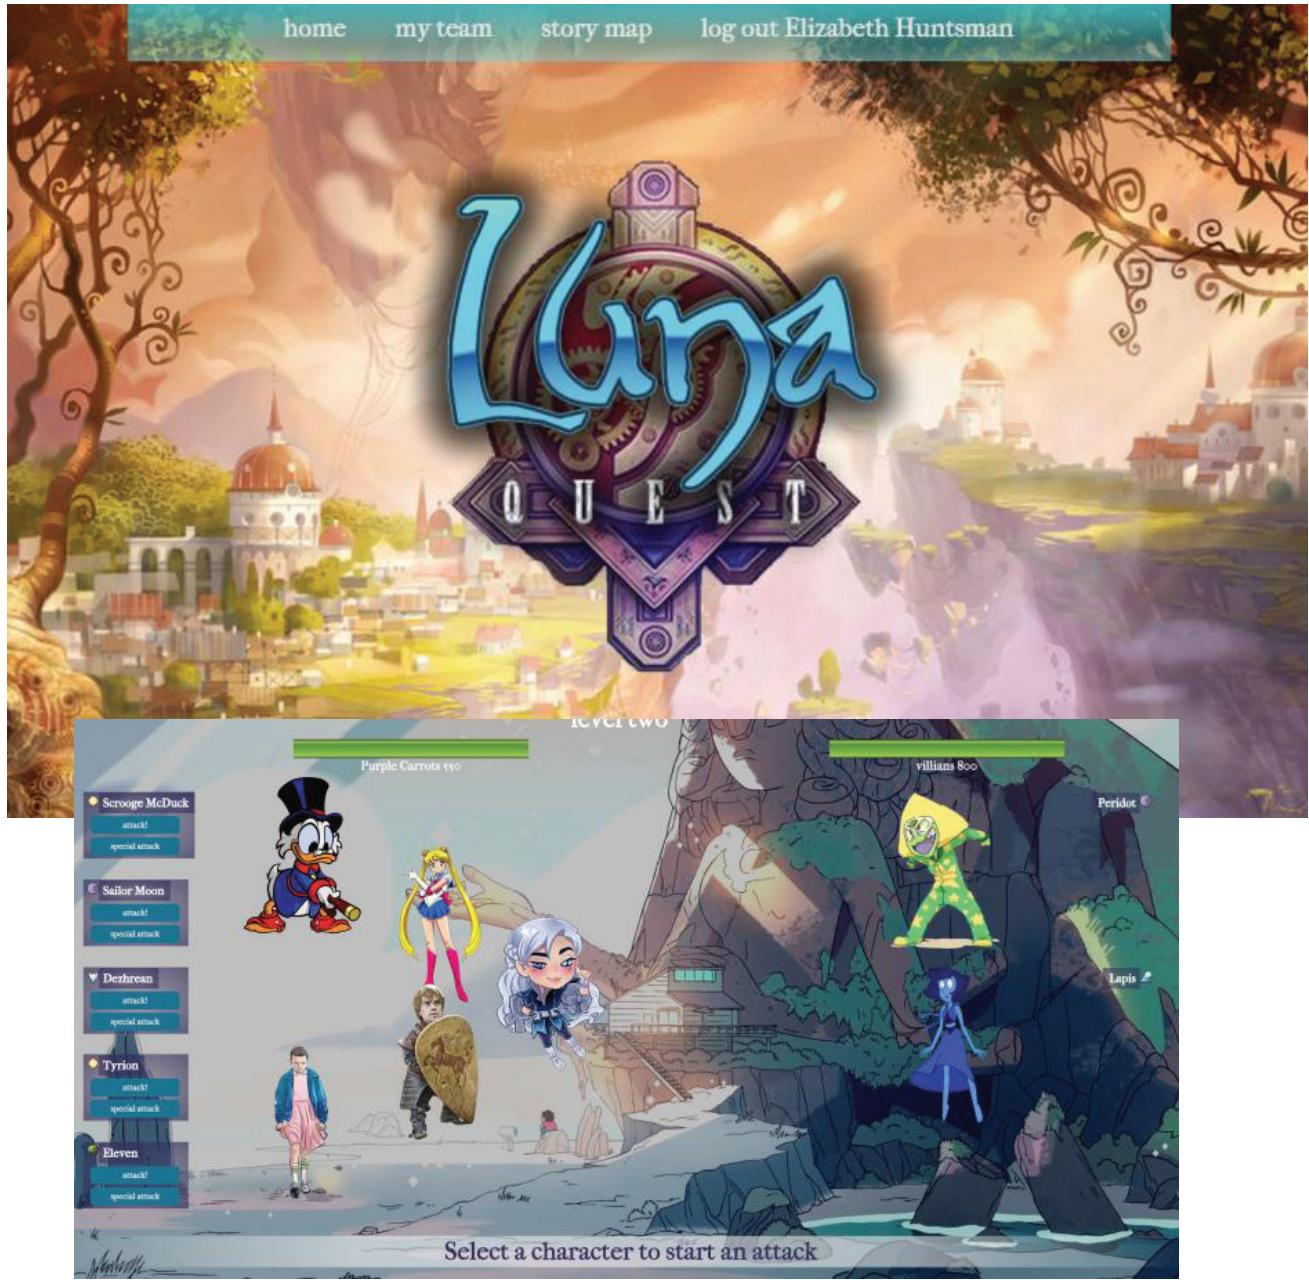

Designed and Developed a Chrome Extension for a new tab. This gave employees easy access to updated common links without having to go to the intranet. Created as a personal project, but loved by upper management so much they implemented it to the entire company.

Luna Quest Online Game

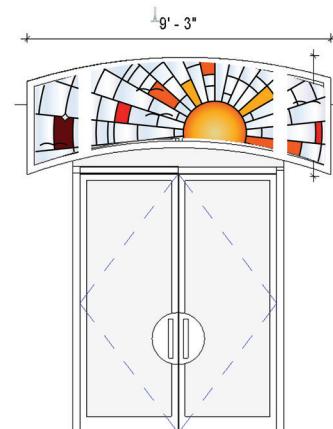

Designed and Developed solely for a school project.
Created a game with authentication, and users can
upload images, select their team, and fight based off
elemental attacks through a storyline.

Stained Glass Windows

2 East Library Entry

For the new Wavetronix Building, they wanted the Library to be the start and end of a sky theme. First they wanted to start with a dawn look, and then end with a night sky.

I designed a spiral sun with various glass types for the sunrise, as well as Cassiopeia for the night sky.
